**GUIDELINES :**

- The Pack (Teams of 4-5): Form a House of 4 or 5 members.The pack must stay united at all times-no splitting up to cover more ground.
- The Realm Waits for No One (Punctuality): Be at the starting keep on time. The clock starts ticking for all Houses at the exact beginning of the event, regardless of when you arrive.
- Forge Your Chain (No Skipping): Every riddle must be solved in its rightful order. Jumping ahead or guessing locations without finding the prior clue is treason.

# The Great Game of Treasure

- The Forbidden Zone: The Hospital Area is strictly off-limits. Stepping foot inside equals instant elimination.
- Leave Clues Behind: Read them or photograph them, but never remove, hide, or destroy them. Sabotage is a crime.
- On Foot Only: No bikes, scooters, or autos. The realm must be conquered on your own two feet.
- Maester's Tools: Every House must bring their Student IDs, pens, and a fully charged smartphone with active internet.
- The Hand's Ruling: In all disputes, the Event Organizers' word is absolute and final.
- Claiming the Throne (Victory): The first House to successfully find and solve all clues wins.
- Winter Has Come (Sudden Death): The moment the first House claims the final treasure, the game stops instantly for everyone else. There is no second place in the Game of Thrones.

THE JACKPOT LIFELINE: A SECRET LIFELINE WILL BE REVEALED TO ALL HOUSES AT THE STARTING LINE. USE IT WISELY TO SURVIVE THE GAME.
